MEMORANDUM FOR THE RECORD

SUBJECT: U. S. v. IBM (69 Civ. S. D. N. Y.)

1. Today, Grant Moy, Antitrust Division/Justice, called to ask that we prepare a list of the documents we are withholding from the inspection ordered to be conducted under Pretrial Order No. 2. Justice would submit this to the Court and IBM counsel.

2. As described by Moy, the list should show:

- a. Document classification
- b. Date of document
- c. Some indication of the subject matter
- d. Type of document
 - (1) Report
 - (2) Letter
 - (3) Memo
 - (4) Chart
- e. Number of pages
- f. Originator
- g. Addressee

3. On the basis of my observation that the making of such a compilation would entail a somewhat burdensome undertaking, it was agreed that Justice would submit a formal request for the information it desired. We concluded with my telling Moy we would take no action to consider this latest requirement until their request has been received.
